PROFILE

Skilled Web Developer with over three years of experience in building responsive, user-focused websites. Strong creative and analytical abilities, detail-oriented, and a reliable team player committed to delivering high-quality solutions.

PROFESSIONAL EXPERIENCE

Web Developer

StorageMart Corporation | February 2024 - July 2025

- Developed and maintained responsive web interfaces using WordPress and WPBakery.
- Performed routine website maintenance including plugin updates and security reviews.
- Managed IT Asset Inventory — tracking hardware, licenses, and maintenance records.
- Handle confidential information and documents with discretion and maintain their proper organization

Junior .Net Developer

BCS Technology International Pty Ltd | February 2022 - October 2023

- Build backend services using Node.js, focusing on serverless functions with AWS Lambda and API Gateway.
- Develop user-friendly web applications with Vue.js, including routing and state management.
- Create and customize WordPress websites using Elementor and WPBakery page builders.
- Modify themes and plugins with HTML, CSS, JavaScript, and PHP to meet client needs.
- Work with designers and other developers to deliver responsive, optimized websites.

Ruby on Rails Developer

Freelance | August 2021 - January 2022

- Built web apps using Ruby on Rails.
- Refactored legacy code for performance.
- Managed timelines and milestones.
